

Macintosh Computers: Downloading your Accelerated Reader quizzes and tests

When your order is ready, you will receive an email that tells you where to download your order. Make sure you follow these steps on a computer that has Accelerated Reader installed or has access to the server where Accelerated Reader RP is installed.

Follow these steps to download your quizzes and tests:

Note: If you reached this help through the Download Centre, you can skip steps 1-2 and go directly to step 3.

1. Open the email that notified you that your order was ready. Then, click the link in the email to go to the Download Centre.
2. The next page will ask for your order number and the Accelerated Reader or Accelerated Reader RP serial number. If you entered the Download Centre through your email, this information will be filled in for you. If the information is not filled in, you can find both numbers in the email that notified you the order was ready. If necessary, click in the fields and type the numbers. When you're ready to go on, click the **GO!** button.
3. **If your order is recent**, the next page will show your order number, serial number, and school name. Check that the information is correct.

If your order is not recent, you may be notified that the order cannot be found. However, you can still receive your order; simply click in the **Email Address** field, type your email address, and click **Resend Order**. When you receive a new email to notify you that the order has been resent, return to step 1 above.

4. To download your order, click the **Download** link.
5. The next page will ask you to choose the product and your operating system. Click the drop-down lists and choose "Accelerated Reader" and "Macintosh". (You must be using a Macintosh computer to follow these instructions; [for Windows instructions, click here.](#)) Then, click the [Submit] button.
6. On the next page, you can download the files that make up your order. **Please note that if you've ordered quizzes for magazine subscriptions, you'll have a separate file for each subscription and a Reading Quizzes file for any other quizzes you've ordered.** Before you begin, note the name of each file (for example, 1234567-AR7X.hqx). To download a file, click on it. If your browser lets you choose what to do with the file, save it to your desktop or another location on this computer.

When you're finished downloading the files, you may need to close the Download Manager. You can also close your browser.
